- *Players using the gold tees matches against white tees must take the three shot adjustment (similar to TCLUB)*
- *Lowest handicap player goes to a zero, all others adjust down accordingly (see chart)*
- *Flight matches will be seeded based off of total handicap index (ex.  $8.1 + 11.5 = 19.6$ ) not total handicap*
- *All matches will be played from the white/gold tees*
- *If the match is not completed by the date deadline, a 1 week grace period is allowed. Even if a One on One match is all you can play, get the match in on time. If time is not met a coin flip will determine result.*
